

Open Call for workshop for persons with physical disability (14+)

In her new choreography “**SOTTOBOSCO**” the artist **Chiara Bersani** takes us with her into the undergrowth of an imaginary forest.

„I was a disabled child, often immobilized. I was placed at a point in space, left there for a long time, and then I would memorize that point. I didn't orient myself in the paths but I knew perfectly well the places of pause, quiet, refreshment.”

Chiara Bersani

Based on her childhood experiences, Chiara Bersani will hold a **workshop for persons with physical and motoral disabilities** that will focus on the **relationship between bodies with disabilities and nature**.

The workshop will be held together with musician and sound researcher **Lemmo**, and the dancer and choreographer **Elena Sgarbossa**. They will develop a new language based on sounds and movements, that will be developed further at each stop of the tour.

The workshop is thus an integral part of the performance and the participants will be invited to join the performances of “**SOTTOBOSCO**”, which will take place in the frame of Tanz im August on 18., 19. & 20. August in HAU2.

For this we are looking for **people with physical and/or motoral disabilities over the age of 14**, who are interested in exploring the relationship between movement, music and space - each based on the different possibilities of their bodies.

The participation in the workshop and the performances is paid. The venue is accessible.

No prior experience in dance or theater is needed, but willingness to participate in a collective practice.

Dates

Workshop: **5.+16.8. 10:00–13:00 | 17.8. 15:00–18:00**
